

Dear Upper School Families,

It has been incredible watching our students and teachers dive right into their classes this year. As you know, our faculty works hard to create multiple ways for students to demonstrate their understanding and share their learning. Additionally, a priority at Beaver is to provide families with ongoing feedback about students in the classroom.

**PowerSchool Learning** is our online feedback portal. We are using this tool to enable students and parents to have access to information from students' classes. PowerSchool Learning is where you will find links to **assignment calendars, handouts folders, honors policies, and course prospectuses**. Teachers will periodically post their grades, rubrics, and/or comments in PowerSchool Learning. Parents and students will begin to see this feedback as we progress through the term.

This tool will allow for enhanced communication as well as give you a window into what's happening in the classroom and how your child/children are learning.

Academic Feedback Information for Families

Please take the time now to create your parent account for PowerSchool Learning:

For your child:

1. Visit the webpage: [beaver.haikulearning.com/do/register/parent](http://beaver.haikulearning.com/do/register/parent)
2. Use your parent invitation code (you received via email)
  - You will be prompted to create an account.
  - Click the Register link to create your account.
  - If you have additional children you wish to attach to this account you will have an opportunity to do so at this time.
3. Once you are successfully signed in, you should see all classes for your child.

If you have any questions about this or about creating an account, please feel free to let me know. If you have questions throughout the term about the feedback received, please contact Department Heads.

Sincerely,

Kader Adjout

Upper School Director
