What Does The Cheesecake Times Actually Mean? by Charlie Schaffer

Hello BVR students! I am here to tell you the meaning of *The Cheesecake Times* because you are probably wondering... "Why is it called the cheesecake times?" Well, in our 6th grade humanities class we have a special code to take out our computers and you probably guessed, the code is cheesecake! In the 2nd week of school or so we came up with probably 14 different newsletter names and all of them were great! But we voted until there were 2 left, which were The BVR Weekly and *The Cheesecake Times*. We took one final vote and Cheesecake Times was the winner! And that is how we got the name of *The Cheesecake Times*.

DOGS VS CATS

by William Mortimer & Joza Wang

Welcome back -VS- Fans! This week's VS is... DOGS VS CATS!!! Last Week it was a battle to the death with Beach VS Skiing and the beach won! Let's see who wins this week!

JOZA'S ARGUMENT:

Okay, Cats are just simply better than dogs. If you have a dog, you get slobber on your face practically everyday! Secondly, having a cat is cheaper than having a dog. First of all, every single day your dog will come up to you and drench your face in dog slobber! Who honestly wants their face drowned in dog slobber everyday. That's right, no one! But if you have a cat, the most it will do is get some cat hair on you. That is one reason I believe cats are better than dogs. Secondly, having a cat is just cheaper than having a dog, in all aspects, including food, grooming, pet insurance, and many other things. According to a study done by ASPCA (American Society for the Prevention of Cruelty to Animals), having a cat is

cheaper than having a dog. The average cost of having a cat to a dog is 11422:21574. That is why I believe that having a cat is better than having a dog.

WILLIAM'S ARGUMENT:

WOW! WOW! WOW! More like Ruff ruff ruff!

First off, I would like to point out that this idea is crazy because we already know the answer! Dogs ARE "man's best friend!" That statement applies to one pet DOGS! And let's not forget all cats do is SLEEP, while DOGS go for walks and you can actually PLAY WITH THEM!! A study shows that people who have dogs actually live longer than people who don't have dogs. Also Dogs are more fun to be around in general because they can play fetch, tug-a-war, and can learn many different tricks! Now really, do you see cats jumping through hoops or playing fetch? The answer is... X so yes dogs ARE better than cats! So instead of getting a CAT get a D-O-G-!

Wow what a thrilling debate, and the vote is..... 2 for cats and 12 for dogs! That means dogs win!!!! See you next time on VS!

If you have a VS idea and you want it to be used, please email

ZODIAC FASHION!!!!

Libras!

Okay peeps between Sep 22 and Oct 23 it's Libra birthdays!!! Based on the title you're probably like wuuuuut. But basically from my research Zodiacs have aesthetics! Big words for fashion, am I right! The Libra aesthetic colors are blue, dark purple, and I'm also seeing a lot of light pink. If you're still confused then I have the picture of the Libra aesthetic right here!!! As you can see the person who made this obviously thinks that most Librans are softies or just pink fans but I did some research and I found out the

true Libra Aesthetic!!! Airy pink and light blue help to open Libra's heart and soften its presence. These pale hues giving a calming and likeable presence to Lira's personality. Symbolizing a cool subtle breeze light blue increases clarity and balance while pink invokes Libra's sweet and loving nature! (I read this on Google). So if you're a Libra and your birthday is this month or last month HAPPY BIRTHDAY!!!

Virgos!

Ok now we need to talk about virgos. The season starts August 23 and ends on September 22. Even though the season passed you can still shine so the

fashion is... Virgo style is easily summed up by their classic character traits:

sophisticated, humble, and practical. They love solid colored separates, classic silhouettes, and always staying coordinated. ... The last thing a Virgo would want to happen is to be caught with a flaw! Even virtuous Virgo can have fun with their outfits. THX Google for providing the information! <3 So basically it is supposed to be a little mysterious and show how they like to think. They are over-thinkers and like to plan ahead. They are a little moody at times but are nice and loyal. My dad is a Virgo too so yassss.

Anyway THX FOR READING SEE U GUYS NEXT TIME YALL BYEEEE!! <3 AND IF YOU ARE ANY OF THESE ZODIACS THEN HAPPY BIRTHDAY PEEP YASSSS. AND BTW WE ARE TALKING ABOUT SCORPIO NEXT WEEK AND I'M A SCORPIO SO YASSSS. HAPPY B-DAYS AND HAPPY HALLOWEEN TTYL. BYEEEEEE!!!!

Survivor Update: Sigh- I'm so sorry guys, but I don't have an update for this week. I have just finished the Survivor season: Millennials vs Gen X, and it was great, but I'm ready to start the new season and updates! (I'm watching it as I write this hehe)

Tribal Tea: If you have ever watched Survivor, I'm sure you have wondered, "HOW DOES HE ASK SUCH GOOD QUESTIONS AT TRIBAL COUNCIL?" Honestly, I wonder about that all the time. If you haven't watched Survivor, there is this thing called tribal council, where every 3 nights, one person gets voted out. Jeff runs tribal council, reading the votes and "snuffing" the torches. But before the vote, Jeff asks questions to change people's minds and stir the survivor tea. It's kind of hard to name some of Jeff's questions, but I can tell you, the questions he asks can lead to blindsides, fights, and tears. One he asked survivor contestant Jeff Varner something, promoting Jeff Varner (not Jeff Probst) to out someone on his team about something crazy (hear more about that in the next article...) So how does he ask everyone those amazing questions? Before every tribal, directors, camera crew, and everyone else come up to Jeff and update him on all the things that are happening, "Who's on the chopping block (What they call people who have a chance of getting voted out.)" and "Who's getting homesick" and "Who's fighting with who" and even "Who has found an idol?" So Jeff can start fights and change peoples mind!

Zodiac: Jeff's zodiac is scorio!

If you want to learn more about zodiac signs, go check out the zodiac article!

Kid Survivor: The youngest person ever to go on Survivor was a high schooler, he was 17 (I think) Many people have thought about a kid survivor, but wouldn't that be too dangerous? I mean, if it was a thing, I don't think I'd go on it. I'm a very picky eater, not very athletic, have bad anxiety, and am terrible at lying, so I don't think I could win. But I would get to meet Jeff... Also, what would a kid do with 1 million dollars? Probably spent it on robux or fortnite skins (jkjk) Jeff is someone who has voted against Survivor, saying that "Parents handing their children puffy coats when they feel

the first wind of fall would defeat the whole purpose." Not going to lie, I kind of agree!

Picture of the week:

Isn't it just beautiful?

Next week on Survivor: What ever happened with Zeke and Jeff Varner...?

Day in The Life of NOVA

by Reid Bugbee (because I can't type)

Hi, I'm NOVA and if you didn't know already I'm a famous: Model, Actress, Singer, Rapper, Scubadiver, Napper, Biter, Bodyguard, MommyLover, and EVERYTHING else. My day starts with howling at the top of my lungs at 4 am until mommy comes down to play except she doesn't want to play so I head upstairs to my Queen sized Bed where Reid is watching out for the dog catchers, which I'm totally not scared of whaaat. So anyways when I wake up nobody's here, which is a little strange so I go to the kitchen where my gourmet food is sitting on the floor. Today is chicken, gravy and treats, lots of treats. Next I put on my winner jacket and step out into the yard full of snow where I sit on the porch to question my life's choices. I headed inside after a while to get some belly rubs and good girl pets on the couch next to the fire. Until I get too comfortable and I get wet and the nice white couch turns yellow and mommy starts to yell. Faster than you can say bad girl i'm in my crate for dogs know how long. I must have missed dress rehearsals, commercials, model contests, ect. My life is officially ruined! I have no more words. I'm too mad. P.S. Mommy if you're reading this it's gonna take alot of treats to fix this. Tail flip!

Put your arm back like this:

Propel your arm forward and let go of the ball with your fingers sliding off and giving it the spin. Let go of the ball where you want it to go.

(Tip if you need to point to aim that's okay but once you start getting better you might want to stop doing it)

Black Bird Returns (Ch 4)

by Quinn Burke

The water.

The cold, suffocating water. The fast, churning water. The water that had drowned his sister. The water that was threatening to do the same to Mist, the wolf who had healed him.

Mist was the one who was drowning now, but all he could see was Raven. Her onyx fur was slicked against her small body. Her amber eyes were wild with fear. He had been calling to her, telling her it was going to be alright.

All he could think about was about how he didn't save her, how he could have jumped in but didn't.

"Come on! Jump to that rock I'll go in and you grab us when I drag her over!" Moon's voice snapped him out of his daze.

Thunder staggered backward. "I... I couldn't save her," he whispered.

"What?" Moon called to him over the roar of the rapids.

"I couldn't save Raven!" He burst out. Before Moon could react Mist let out a yowl of pain as she lost her grip and was thrown into a rock.

Suddenly, a glossy black bird appeared out of the trees and began to circle.

Raven.

"Now!" Moon leapt into the water and let the current carry her to Mist. She braced her paws against the boulder the water was pushing her into. She latched her

teeth around her trainer's scruff. "Thunder! Help me!" she said through a mouthful of fur.

He leapt onto a rock, whipping his head from side to side, searching for the next rock. A screech cut through the bubbling and gurgling of the river. The bird circled over a rock, its charcoal feathers glinting in the sun. He leaped over to the rock just as Moon let go on the rock and struggled over gripping Mist's scruff like her own life depended on it. He grabbed Mist and hauled her onto the rock, pulling Moon soon after.

Moon had saved Mist.

He had helped.

Raven had helped.

Once they were safe at home he and Moon lay on the flowing grass, underneath the stars. The crickets chirped and fireflies bobbed lazily on the warm breeze.

"I'm leaving," Thunder blurted out.

"I knew it would be soon," she said. There was something in her voice, a sad acceptance, that he hadn't expected.

"You should go too, not with me though. I've never traveled with anyone before, you'd be better off alone" he continued. She paused for a moment before giving a reply.

"Who's Raven?" she asked, turning to face him.

"What?" he rolled over to face her.

"Who is Raven?" she repeated. Her sapphire eyes glowing with tentative curiosity.

"My sister." sighed Thunder.

"She drowned? You couldn't save her?" Moon guessed.

"Didn't," He corrected. "Could've but didn't."

"I'm sure that's not true,"

"But it is, you would never understand!" he snapped, getting to his paws. "Goodbye Moon. Tell Mist I'm heading to the mountains, you should too."

"Alright, goodbye Thunder," she replied, getting to her feet. This time there was no hint of sadness in her voice, only cold abruptness.

Thunder felt bad about what he said but he could not find the words to make it right.

As he set his paws along the path to the mountains he knew he was leaving Moon behind, and in a way, it was like losing his sister all over again. He wasn't going to make that mistake twice.

Cinderella Review by Brittany Franklin

I'm guessing you have heard of the movie *Cinderella*. Well they just came out with a new *Cinderella* movie! It's about a girl (*Cinderella*) who wants to open her own clothing store but has some trouble along the way. It stars Camila Cabello as *Cinderella*, Nicholas Galetzine as the prince, and Idina Menzel as the evil stepmother. The movie is overall pretty good, I just feel like it goes by too fast, like the storyline is not the best. And it's supposed to be like feminism and things like that but it really isn't. But it's a really cute movie and the ending is sweet. I rate it a 6/10, I would definitely watch it and tell me your thoughts.

Game by Lawrence Rosebert

Platformer: a video game in which the game-play revolves heavily around players controlling a character who runs and jumps onto **platforms**, floors, ledges, stairs, or other objects depicted on a single or scrolling (horizontal or vertical) game screen.

Chapter 3 Platforms

Well that explains a lot. The "tps" and the "goomba stomps" as my friends call them. But how am I supposed to get out of this game?

I can't believe it. How? HOW? It makes no sense. It's literally (and virtually) IMPOSSIBLE!

My thoughts race.
Could I go home? Can I go home?

Will I go home?

I'm fearing for the worst right now. I can't calm down!
As my panic attack ensues, My head continues to race.

My anxiety rises.
But little by little, I start to calm down.

Back to peace.

I started trekking. I'm still hurt, there might be a place to heal the wounds. Maybe a hospital or something?

I feel my bleeding foot (well, not really due this game is not "PG 13+") tremble with each step, slowly getting weaker and weaker.

Then I saw it.

A HOSPITAL!

That's oddly convenient.

Well, not so convenient because it's a hospital with a big pit with some floating, *moving platforms*.

I don't know the first thing about games and "platformers", except from watching my friends play.

The pit is really d~

Dream SMP, Part 1 by DreamstanOwO967

Hello! Do you think that the Dream SMP is interesting? Do you like the Dream SMP? Well this article is for you. We talk about Dream SMP's newest videos, streams, and so much more. This week we are talking about the bench trio!. We are also talking about the Dream SMP members newest streams.

Have you ever heard of the bench trio? Well this trio is made up of Ranboo, Tubbo, and Tommy. If you watch the Dream SMP you have probably heard of this friendship before. Tommy is a 17 year old british streamer who started streaming in 2012. He blew up in 2019 and now has a youtube channel with over 10 million subscribers. He has a signature red and white shirt and signature blond hair. He has many friends like wilbur, niki, jack manifold. Tubbo is also a british streamer who started streaming in 2017, he has about 3 million subscribers and loves bees. Ranboo is an american streamer. Not much is known about him, he started streaming in 2020 and blew up a few weeks after. He has never shown his face and always wears a mask and glasses.

Tommy and tubbo had made their friendship in 2017. They met on hypixel, a minecraft server and started streaming together. They met up irl in aug 2020. Tubbo met Ranboo on the dream smp when he first joined, they continued talking even after. Tommy was introduced to Ranboo soon after tubbo was and had a mutual relationship with him. Tubbo and Ranboo are now living together and Tommy is planning to move in with them too after he finishes college (high school).

The bench trio has a lot of different merch. Ranboo recently came out with his own merch site called Ranboolive.org he made about 10 different items and it all sold out in a matter of 24 hours! Tommy is yet to make merch but there has recently been a video leaked of him wearing a shirt with his name on it so there's a possibility he's making some. Tubbo has his own merch shop called *Tubbo Moment* of tubboshop.com he had a drop but it's over and you currently can't buy anything.

Tommy, Tubbo, and Ranboo all have Youtooz's. A Youtooz is a small figurine or stuffed animal. Wilbur Tommy and Tubbo or the golden trio (well get more into that another week) recently dropped a new Youtooz, the Lmanburg youtooz! There are 3 different figurines that each represent a different part of Lmanburg. Wilbur, after being killed (in minecraft) he was left to stay in his limbo for about 12 years, we'll get more into this topic next week. And being left with no home, Tommy and Tubbos represent their yonge and enthusiasm for this war which then turns into fear.

Next week we will talk about L'Manberg. The L'Manberg war was thought of as the 2nd war of the Dream SMP. This is one of our favorite subjects, so we will probably talk/reference it a lot in later articles.
